The FDC Test is designed to assess the overall conduct of a dog in a typical farm environment. The dog must demonstrate self-control when exposed to livestock and other unique sights, sounds and scents. The dog must exhibit confidence and a willingness to comply with instructions when confronted with a variety of situations. The FDC Test is not intended to confer herding ability, but rather a foundation of self-control and biddability beneficial to all working dogs.

The FDC Test is open to all dogs at least 9 months of age that are individually registered with the AKC, recorded in the FSS program, dogs with PAL numbers or dogs enrolled in the AKC Canine Partners program.
